or guards removed.

**TURN HERE  
FOR NO-LOSS  
HORIZONTAL BENDS**

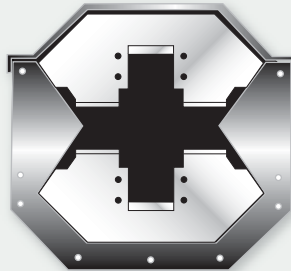

- *No capacity loss continuous bends*
- *Incremental bends from 5° - 90°*
- *Minimum 48" radius*
- *Same gentle handling*
- *No alteration in operation*
- *Self cleaning*
- *Eliminates secondary drive or conveyor*
- *Clean and continuous operation*

We are now offering this exceptional horizontal bend feature for our Side Wall Return™ Conveyor. Move your product in one continuous, fully enclosed conveyor. Sidney Manufacturing is taking the revolutionary Side Wall Return™ to the next level - 90° horizontal bends. Now you can move your product up, down and around your facility with all of the advantages of the SWR technology!

## ***The Sidewall Return™ Surpasses All Other Drags.***

Your product is moved gently, completely and cleanly!

- Bypass inlet allows product to bypass the return chain for entry into conveyor
- Totally enclosed
- Continuous product flow from horizontal to incline, and from left to right
- Full product discharge
- Economical for contained waste management

***Call us today  
and start turning your  
conveyor operation  
towards bigger profits!***
